What is the task?

Create visual art journal which reflects aspects of your own life in a small A5 sketchbook or altered book.

How will I create it?

Use a combination of drawings, paintings and text/words to illustrate the suggested themes using a range of materials, techniques and processes. Be inspired by the resources and artists in the slides and from your own research.

Why am I doing this?

To develop and refine your drawing observation skills by looking more closely at things around you that you see every day and to explore skills in creating drawings from imagination. To be able to share with your teachers and peers at the start of the course.

Equipment you will benefit from:

Range of drawing pencils (different grades from HB to 12B). A range of brushes, basic art materials, pencil crayons, pens and paints.

You can purchase a sketchbook and folder from the department in the Autumn term.
