

WINDSOR SIXTH FORM SUMMER WORK

BTEC Business

Business Ownership

The legal structure a business chooses is fundamental to the way it operates. This legal framework determines who shares in the profits and losses, how tax is paid, where legal liabilities rest. It also determines the nature of a business' relationships with business associates, investors, creditors and employees.

Your task: Research the different types of business ownership and complete the table below in as much detail as possible. Bring your completed work to your first lesson.
