

WINDSOR SIXTH FORM SUMMER WORK

Cambridge Technicals: Sport

In this task you are going to research the organisations involved in sport in the UK. This will involve exploring in detail one organisation and the role it plays within sports development. The information you obtain will be presented to the rest of the group and offered as a revision guide to your fellow learners.

Your task is to research one of the sports bodies involved with the organisation of sport in the UK. You must produce a one-page essential guide about this organisation.

The essential guide should include the following information:

- Who the organisation is
- An overview of what it does
- Examples (at least three) of its roles and responsibilities (e.g. training of coaches, providing funding, setting of rules and regulations)
- An example of a current sports development initiative delivered by this organisation.
- Sport bodies that you can research:
 - Department for Culture, Media & Sport (DCMS):
<https://www.gov.uk/government/organisations/department-for-culture-media-sport>
 - UK Sport: <http://www.uk sport.gov.uk/>
 - Sport England: <https://www.sportengland.org/>
 - National governing bodies of sport (e.g. FA, British Athletics, RFU):
<http://www.thefa.com/>

You can choose how to present the information – PowerPoint/article/video blog.
