

WINDSOR SIXTH FORM SUMMER WORK

A Level French

Keeping in touch with the language on a daily basis is very important for the development of all linguistic skills and competences. You can use all the resources you have been using but below are some additional resources and ideas. Make a schedule and keep a track of what you have been working on, or what you would like to still try.

1. Find a reliable online dictionary. I recommend www.wordreference.com

Explore the different features, like the verb conjugator.

2. Watch the news daily/weekly in French. Visit the website:

<https://information.tv5monde.com/les-jt/monde>

3. Visit this website and do some listening practise through French songs. This will help with your listening skills and spelling. Choose the level you feel comfortable with. You can complete the task on one song and then try the same song on a more advanced level

<https://lyricstraining.com/fr/>

4. For listening, reading and vocabulary tasks visit:

<https://apprendre.tv5monde.com/fr>

Choose between levels A1/A2 or B1 and complete the self-marked tasks. These resources also give you access to the transcripts.

We will be studying "Au Revoir les Enfants" for paper 2, so you can also watch the film as well if you wish.
