OXBRIDGE ACCESS PROGRAMME

Support for applications to Oxford, Cambridge, LSE, and Imperial, open to all non-fee-paying students.* Our 14-hour programme is **free of charge**. In return, successful applicants undertake to tutor future candidates. Our students last year were **36% more likely to get into Oxbridge** compared to the national average for state applicants!

★ Personal Statement

Our tutors will help you structure and edit your personal statement, using the knowledge you gain in the programme, to make a great first impression.

★ Interview Training

Learn how to deliver an outstanding performance in your university interview. Improve your confidence and approach to questions.

★ Admissions Tests

Our tutors will help you tackle your university admissions test. On average students improve scores by 20%!

★ University/College Choice

With an understanding of your academic profile and preferences, we will help you strategise about which University or Oxbridge college to apply to.

★ Key Texts and Theories

Top universities expect students to have read extensively on their subject outside the exam syllabus. Our tutors will guide you through your wider reading.

★ Higher Level Concepts

Impress admissions tutors by learning about degree-level concepts related to the subject that you want to study at university.

*subject to application and contract

OXFORD AND CAMBRIDGE UNIVERSITY TUTORS

Students will receive 14 hours of support from July to December of their application year, receiving advice at every stage from experienced consultants who gained admission to Oxford or Cambridge.

The programme features five hours of one-to-one tuition and five hours of tuition in small focused groups, as well as four hours of preparatory lectures. We also provide resources including a reading list and guides to personal statements and interviews.

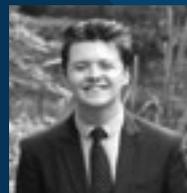

★ **ANASTASIA**
Law Tutor, MPhil, Law

★ **MICHAEL**
Engineering Tutor, BSc, Engineering

★ **OLLIE**
Mathematics Tutor, PhD, Mathematics

★ **JAMES**
Economics Tutor, BA, MA, Economics

★ **JULIETTE**
Physics Tutor, BA, Physics

★ **MATT**
Science Tutor, BA, Chemistry

Plus 3 hours of progress meetings in small groups throughout the programme, providing opportunities to voice any questions or issues.

TESTIMONIALS

Layla

admitted to Cambridge for History

It's hugely helpful for every stage of the application process. The interview practice was the most helpful component of all, but I also had so much help with my personal statement, my SAQ, what extra reading/activities I should be doing prior to applying, and more! Plus the team are always there for you and super approachable.

Edred

admitted to Cambridge for Geography

Kieran and Isa were both extremely helpful, kind, and reassuring during the application process. They were also willing to 'go the extra mile' to provide as much support as possible.

Lewis

admitted to Cambridge for Engineering

I would definitely recommend the company to a friend wanting to apply. This is because I believe that the company has greatly aided me, and without the provided support, I may not have received a place.

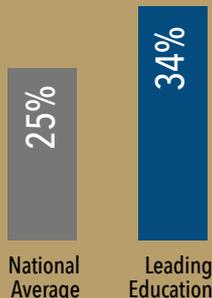

Hermione

admitted to Cambridge for HSPS

It gives you a complete understanding of the Oxbridge application system along with personalised advice and an abundance of practice, ensuring that you can apply with confidence.

Last year, on average 25% of state school applicants received an offer from Oxford or Cambridge. By comparison, 34% of our applicants were successful!

To apply, please fill in our application form [here](#). Applications are to be submitted by 11th April 2021. Shortlisted candidates will be invited to interview and we will release results by mid-May.
